

DECOTRI™ TRIVALENT CHROME

SALT TRIVALENT CHROME

EXCELLENT ALTERNATIVE
TO HEXAVALENT CHROME
DECORATIVE FINISHING

DecoTri™ produces bright chrome deposits without the hazards of hexavalent chrome plating. It is tolerant to current interruption without producing dull "white wash" effects and suitable for exterior applications.

FEATURES:

- Elimination of hex chrome leads to reduction in waste treatment costs
- Special graphite anodes eliminate the creation of the lead sludge commonly associated with hexavalent chrome plating
- Excellent covering power across all current densities
- Micro discontinuous as plated leading to increased corrosion properties
- Excellent covering power
- Meets the requirement of RoHS Annex XIV and is an excellent choice when implementing Annex XIV
